

Teleflora's New England Unit
Presents

"In Style Weddings"

Don't miss this opportunity to see a floral artist who creates designs that are sculpted in feeling, and are totally contemporary and breathtaking in scope and execution. Hitomi will challenge your design beliefs and open up to you a whole new world of creative possibilities. At this program, she will show you how to capture the true essence of today's wedding fashions and its floral complements. From bridal bouquets to reception decorations, you'll see a high impact effect with the use of creative armature work. With the ideas you take back to your shop, you're certain to make the bride's day even more beautiful and help you create and market a signature look for your shop that will keep your customers coming back time after time.
